Introduction

PESCO is a renowned global petroleum equipment supplier and service provider catering to the Oil and Gas Drilling Industry, both onshore and offshore. With a commitment to delivering excellence, we serve customers worldwide, offering comprehensive solutions tailored to their unique needs.

At PESCO, we understand the importance of reliable and efficient drilling equipment in the success of any drilling operation. Therefore, we offer a wide variety of drilling equipment for both onshore and offshore applications from our associated manufacturers worldwide. Our product range includes Mud Pumps, Blowout Preventers (BOP), Solid/Well Control Equipment, Petroleum Pipes, and Drilling Strings such as OCTG (Oil Country Tubular Goods), Drill Pipes, and Line Pipes, etc.

We are committed to delivering excellence in everything we do. We strive to provide our customers with the highest quality products and services, backed by our extensive industry experience and technical expertise. Our team of professionals works closely with customers to understand their unique needs and provide tailored solutions that meet their specific requirements.

Pioneering Global Petroleum Equipment Solutions and Oilfield Services

In the vast and intricate world of the Oil and Gas Drilling Industry, PESCO stands tall as a beacon of excellence, innovation, and reliability. As a leading global petroleum equipment supplier and oilfield service provider, PESCO caters to the diverse needs of customers operating both onshore and offshore across the globe. With a steadfast commitment to ensuring unparalleled service quality, PESCO has also ventured into providing international logistic services for storage and delivery, further solidifying its position as a one-stop solution for all drilling-related requirements.

Comprehensive Rig Packages for Every Need

PESCO boasts an impressive array of onshore and offshore rig packages that cater to the unique demands of modern drilling operations. From versatile jack-up rigs to robust semi-submersible rigs and modular offshore platform rigs, PESCO's offerings are designed to tackle the most challenging drilling environments with ease. Each rig package is meticulously engineered to

deliver optimal performance, safety, and efficiency, ensuring that customers can rely on PESCO's equipment to drive their operations forward.

State-of-the-Art Drilling Equipment

At the heart of PESCO's offerings lies an extensive range of drilling equipment sourced from its associated manufacturers. This comprehensive suite of equipment includes draw works, mud pumps, Blowout Preventers (BOP), wellheads, oil pumps, rotary tables, rig control and drive systems, derricks, drilling control cabins, and solid control equipment, along with complete mud tank systems. Every piece of equipment is designed to adhere to the latest technological advancements, addressing the evolving needs of modern drilling operations.

A Wide Range of Daily-Use Drilling Items

PESCO's commitment to supporting its customers extends beyond rig packages and drilling equipment. The company supplies over 5000 items that are used daily in drilling operations, both onshore and offshore. These products encompass drilling expendables and consumables, petroleum pipes (including SAW, ERW, and SMLS), OCTG (Oil Country Tubular Goods), Premium Connections, Drill Pipes, Drill Collars, and various other rig tools and accessories.

A Vital Role in Global Drilling Operations

PESCO's role in the Oil and Gas Drilling Industry extends beyond merely supplying equipment and products. The company plays a vital role in ensuring the success of its customers' drilling operations by providing unparalleled support, expertise, and innovation. Through its commitment to excellence, PESCO has established itself as a trusted partner for customers worldwide, helping them navigate the complexities of the industry and achieve their operational goals.

Vision

Expanding Horizons and Setting Global Standards in Petroleum Equipment and Services

Our company is driven by a clear and ambitious vision: to expand our products and services to all major Oil and Gas producing regions worldwide, while establishing ourselves as a leading global petroleum equipment supplier and services organization. We recognize that achieving this vision requires continuous efforts and dedication from every employee within our company.

A Commitment to Expansion

We are committed to reaching new heights in our industry by extending our reach to every corner of the globe where Oil and Gas production is a vital component of the economy. This expansion will not only increase our market share but also enable us to better serve our customers, providing them with the highest quality equipment and services wherever they may be.

Leading the Industry with Class Standards

As we strive to become a leading global petroleum equipment supplier and services organization, we are acutely aware of the importance of maintaining class standards in Health, Safety, Environment, and Quality (HSEQ). These standards are not merely guidelines; they are the cornerstone of our business, ensuring that we operate with the utmost integrity and responsibility. Our commitment to HSEQ is reflected in every aspect of our operations, from the design and manufacture of our equipment to the delivery of our services. We believe that by adhering to these standards, we can create a safer, more sustainable, and more prosperous future for our company, our customers, and the communities in which we operate.

A Dedicated Team Driving Success

At the heart of our vision lies the dedication and hard work of our employees. We recognize that our success is directly attributable to the passion, skill, and commitment of each and every member of our team. By fostering a culture of continuous improvement and collaboration, we empower our employees to reach their full potential and contribute to the growth and success of our company.

Mission

Client Success and Shareholder Value

We are committed to making our clients successful by providing them with exceptional products and services. We strive to create shareholder value through sustainable growth and profitability.

World-Class HSEQ Standards

We make world-class Health, Safety, Environment, and Quality (HSEQ) a way of life within the company. We prioritize the well-being of our employees, customers, and the environment in all our operations.

Employee Satisfaction and Development

We aim to create a working environment in which our employees can achieve job satisfaction and career development. We value our employees' talents and contributions, and we provide opportunities for growth and advancement.

Professional Oil Field Services

We provide our clients with professional oil field services, utilizing the most qualified people and equipment. We are committed to delivering high-quality services that meet or exceed our clients' expectations.

Customer-Centric Approach

We will provide our best products and services to all esteemed customers, striving to satisfy all customers' requirements and expectations. We are dedicated to creating a prosperous future for our customers, employees, and the company.

Innovation and Efficiency

We will strive to focus on providing quality products and services to the oil and gas industry. We will develop new products by applying new technology and improve the efficiency of our supply chain for quick and reliable delivery.

Honesty, Integrity, and Open Communication

We will meet our obligation to find the best solutions for all customers, keeping our promises and acting with honesty and integrity. We value open communication and transparency, with no hidden agendas.

Team Member Motivation and Safety

We will continue to motivate all team members for their performance, respecting their individual talents and valuing their well-being. We prioritize the safety of our employees and will continue to expand our product line synergistically with our existing marketing network to better serve our customers.

Rig & Associated Equipment

Petroleum Equipment Supplies

- Drilling Rigs
- Workover Rig
- Rotary Table
- Swivel
- Travelling Block
- Wire Rope
- Rig Motor
- Drilling Hose
- AIR Winch Products
- Rig Rollar Chain
- Rig Lighting Products

Workover Rig

Drilling Rig

Mud System

Petroleum Equipment Supplies

- Piston Rods
- Valve Caps
- Valve Guides
- Pony Rods & Clamps
- Wear Plates
- Seat Pullers
- Oil Pump
- Suck Rods
- Mud Pump
- Triplex Single Acting Mud pump
- Fluid end Expendables
- Supercharging Pump
- Liner washing Pump
- Liner & Piston
- Valves/Inserts
- Seats, Seals & Spring

Well Control Equipment

Petroleum Equipment Supplies

- BOPs
- Annular BOP
- Ram BOP
- Rotating BOP
- BOP for Completion Operation
- Diverter
- Accumulator
- Test Pump
- Kill and Choke Manifold
- Kill Cock
- Kill & Choke manifold
- Accumulator
- Flexible Hi-Pressure hose
- Wellhead
- Christmas Tree
- Valves

Annular-BOP

BOP

Solid Control Equipment

Petroleum Equipment Supplies

- Mixing Hopper
- Mud Gun
- Replacement Mission Centrifugal Pump
- Submersible Slurry Pump
- Shear Pump
- Mud Gas Separator
- Vertical Cutting Dryer
- Screw Conveyor
- Pneumatic Vacuum Pump
- Shale Shaker
- Mud Cleaner
- Desander
- Desilter
- Decanter Centrifuge
- Screw Pump
- Centrifugal Degasser
- Vacuum Degasser
- Vertical Agitator
- Horizontal Agitator

Petro Chemical Products

Oil/Gas/Water Chemicals

- Crude oil demulsifier • Water Clarifier
- Defoamer
- Scale inhibitor
- Corrosion inhibitor • Bactericide
- Filter aid
- Flotation agent
- Oil spill dispersant
- Oxygen scavenger
- Desulphurization agent

Drilling/Completion Additives

- Lubricator
- Foaming agent
- Cray & shale inhibitor
- Oil based drilling fluids
- Multifunctional filtration control agent
- Retarding agent
- Series of flushing fluid
- Early strength agent
- Regulating agent
- Cross-linking stabilizing agent
- Flushing liquids
- Isolation liquids
- Cleaning agents
- Joint Compound
- Reservoir protection agent

Stimulation Chemicals

- Additives for acidization
- Reservoir pre-treating agent
- Chemical tracer
- Sand-control agent
- Paraffin inhibitor & remover
- Reservoir cleaning agent
- Inorganic & organic blocking removers
- Anti-swelling agent • Scale dissolver
- Surfactants for EOR

Comprehensive Supply Chain and Logistics Services

Complete Supply Chain Management

We provide end-to-end supply chain management services, ensuring efficient and timely delivery of products and materials.

Matching Materials and Equipment

We source and provide the necessary materials and equipment according to your contract delivery requirements and specifications.

Expertise in Multiple Transportation Modes

Our team is experienced in land, sea, air, and special transportation methods, enabling us to find the most suitable and cost-effective solution for your needs.

Customized Delivery Solutions

We deliver and follow up according to the client's specific venue, time, and budget constraints, ensuring a seamless and tailored logistics experience.

Collaboration with Professional Shipping Companies

We work with experienced professional shipping companies or utilize our clients' preferred carriers to ensure reliable and efficient transportation.

Door-to-Door Logistics Services

We provide comprehensive door-to-door logistics services, including factory pickup, packing, boxing, and handling of customs procedures such as customs clearance, export procedures, exit ports, and insurance.

Customer-Centric Approach

Shipping and logistics are organized according to each customer's unique requirements, including location, time, and budget constraints. We offer insurance coverage that includes all the usual guarantees, providing peace of mind and protection for your shipments.

Global Supplier Collaboration

Access a Wide Range of Products

By collaborating with suppliers from around the world, we can offer our clients a diverse selection of products to meet their unique needs and requirements.

Ensure Quality and Reliability

We work with reputable and established suppliers who adhere to strict quality control standards, ensuring that the products we supply are of the highest quality and reliability.

Leverage Competitive Pricing

Our global supplier network allows us to source products at competitive prices, enabling us to offer cost-effective solutions to our clients.

Mitigate Supply Chain Risks

By diversifying our supplier base, we can mitigate supply chain risks such as disruptions, delays, and quality issues, ensuring a smooth and consistent flow of products to our clients.

Stay Ahead of Market Trends

Our collaboration with suppliers worldwide enables us to stay informed about the latest market trends, product innovations, and emerging technologies, allowing us to offer our clients the most up-to-date and cutting-edge products.
